FLIGHT PERMISSIONS

We assure quick obtaining of normal and urgent flight permission for all types of flights within six to twelve hours. Flight changes are confirmed within fifteen

Friendly note: An over-flying aircraft is required to be equipped with TCAS/ACAS, EGPWS or TAWS, and RVSM. For the landing flights, we require aircraft and crew documents, in addition to local sponsor details

GROUND HANDLING SERVICES

We coordinate the flights with the control tower from the moment of entry into Mongolian Aerospace until the exit. Our ramp staff are always available in case of emergencies and diversions, ready to handle your aircraft and assist the crew members with their needs.

Alpha One provides its customers with all the essential information related to the flight on time, such as aircraft movement, services rendered and flight crew and passenger's location...etc. As a part of our job, we also serve the flight crew 24/7 during their stay in Mongolia.

FUEL

Through different local suppliers, our team can always offer the best fuel rates at all Mongolian airports and ensure availability during shortages.

CREW TRANSPORTATION

We do serve our own transportation fleet of minivans, buses, and private cars. In addition, we can arrange a luxury pick-up service for your VIP passengers.

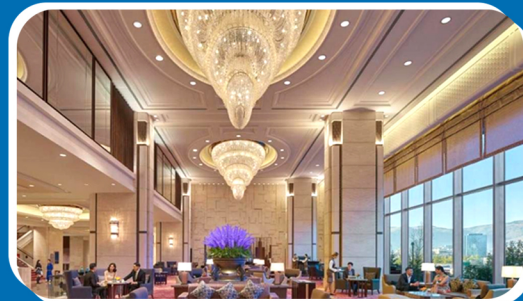

CREW VISA

Crew members of all nationalities can enter and stay up to 72 hours via general declaration, and for a longer stay, our company can obtain visa approvals for the crew members

HOTEL ACCOMMODATION

Through the years, our company has built a strong relationship with local hotels to get special offers and discounts, extra services, and upgrades.

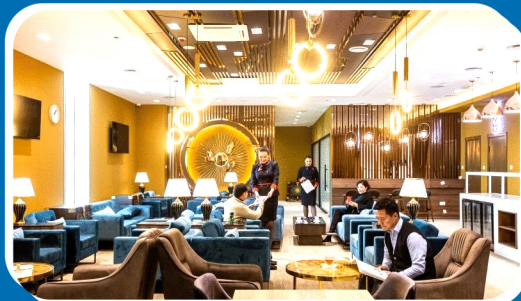

BUSINESS & VIP ARRANGEMENTS

Security guards, Interpreters, luxury transportation for passengers, and more.

VIP & BUSINESS LOUNGES

Lounges are the best place for either business or holidays, bringing you total peace of mind and a relaxing atmosphere upon arrival and prior to departure. Lounges at Chinggis Khaan Airport are available for both, private and commercial flights and can be arranged by our ops team.

CATERING SERVICES

A variety of catering menus, including Asian, European, and Mediterranean meals can be prepared. We make sure to deliver fresh and high-standard meals on time.

CHARTER FLIGHTS

Alpha-One's experienced team is at your disposal to organize any kind of charter flight, either international or domestic. Whether you wish to fly a helicopter, light jet, or ultra-long-range aircraft, we can find any type of aircraft to fulfill your needs.
